

# COVID-19 UPDATE

September 1, 2020

# CDPH Statewide Public Health Order

- Issued August 28, Effective August 31
- Establishes an updated framework based on 4 county risk level tiers
- Each county has been assigned to a tier
- To progress to the next tier, counties must have been in the current tier for a minimum of 3 weeks and meet both criteria for the next tier for the 2 prior consecutive weeks
- A county must revert to a more restrictive tier if a county's case rate or positive test rate has been within that more restrictive tier's range for the 2 prior consecutive weeks
