

# **Council Chambers - Public Meeting Access November 3, 2020**

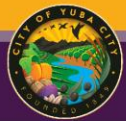

**Presentation By:  
Diana Langley, Interim City Manager/Public Works Director**

# Options

- Staff participate remotely to open additional seats in the Council Chambers
- Move the Council meetings to an alternate, larger location to allow for more seating
- Do not follow social distancing guidelines and allow the Council Chambers to be filled to maximum capacity
- Provide more public awareness that in-person attendance at meetings is allowed

# Recommendation

- Consider options and provide direction for public access to the Council Chambers during City Council meetings and various Commission meetings
