

**CITY OF YUBA CITY  
STAFF REPORT**

**Date:** September 6, 2022  
**To:** Honorable Mayor & Members of the City Council;  
**From:** Public Works Department  
**Presentation By:** Joshua Wolffe, Associate Engineer

---

**Summary**

**Subject:** Yuba City Lighting and Landscape Maintenance District No. 6, Zone of Benefit B\_15 (769 Garden Highway)  
**Recommendation:** A. Conduct a Public Hearing  
B. Adopt a Resolution confirming and ordering annexation of the parcel associated with the 769 Garden Highway Development, APN 53-400-080 into the existing Yuba City Lighting and Landscape Maintenance District No. 6, Zone of Benefit B\_15 and establishing a levy of assessments for the annexed territory  
**Fiscal Impact:** \$56.15 per lot, \$56.15 total annual revenue, with an inflation index

---

**Purpose:**

To fund the ongoing operation, maintenance, and administration of street lighting.

**Council Strategic Goal:**

Annexing this subdivision into a Lighting and Landscape Maintenance District (LLMD) addresses the City Council's Strategic Goal of maintaining infrastructure, as the LLMD will ensure that street lighting is maintained and operational

**Background:**

The existing LLMD No. 6, Zone of Benefit B\_15 was established in 2019 for the Recycling Industries development, with a fee per parcel for the operation and maintenance costs associated with street lighting. The fee per parcel for Zone of Benefit B\_15 was determined based on annual maintenance costs for the street lighting associated with the Recycling Industries development.

Currently the 769 Garden Highway development at Assessor's Parcel Number (APN) 53-400-080 is requesting to be included into this Zone of Benefit, to satisfy conditions of their Building Permit. In order to determine what the assessment will be for this parcel, the original assessment for Zone of Benefit B\_15 will need to be increased to today's dollars using the Consumer Price Index (CPI).

The City has created and modified several LLMDs to encompass a number of commercial projects and subdivisions over the past few years. The process of annexing to an existing District consists of

adopting multiple City Council Resolutions, holding Public Hearings, and observing rights of majority protests.

**Analysis:**

The Public Notice procedure can be waived and an expedited process can be substituted at the request of the property owners requesting to be annexed into the District. The authorized representatives of the 769 Garden Highway Development have requested to waive the Public Hearing proceedings, which has allowed the City to utilize the expedited process in order to annex the parcel associated with the 769 Garden Highway Development into the existing LLMD No. 6, Zone of Benefit B\_15.

The expedited process consists of the City Council holding a Public Hearing for the annexation of the new area into the existing Zone of Benefit, adopting a single Resolution which confirms and orders the annexation of the new territory into the existing Zone of Benefit and ordering a levy of assessments for said Zone of Benefit. The levy amounts have been established by City staff through the creation of an Engineer's Report for the Zone of Benefit. The Engineer's Report contains a detailed estimate of annual costs to energize and maintain the streetlights within the Zone of Benefit (Attachment 2).

Once the Resolution has been adopted, the City will file the Engineer's Report with the City Clerk. The information will then be provided to the Sutter County Auditor-Controller so that the properties can be assessed accordingly.

**Fiscal Impact:**

Revenue from the assessed parcel is to be used to provide maintenance services and district administrative costs. The Engineer's Report for the Yuba City Lighting and Landscape Maintenance District No. 6 Zone of Benefit B\_15 has determined that the annual assessed amount for the parcels being annexed into the Zone of Benefit is \$56.15 per lot, or \$56.15 total annually, and is subject to an annual inflation increase.

**Alternatives:**

1. Do not adopt the following Resolution and fund the operation and maintenance of the streetlights, and maintain said streetlights from alternative sources.
2. Direct staff to begin the typical longform Lighting and Landscape Maintenance District annexation procedure.

**Recommendation:**

- A. Conduct a Public Hearing
- B. Adopt a Resolution confirming and ordering annexation of the parcel associated with the 769 Garden Highway Development, APN 53-400-080 into the existing Yuba City Lighting and Landscape Maintenance District No. 6, Zone of Benefit B\_15 and establishing a levy of assessments for the annexed territory

**PART A  
PLANS AND SPECIFICATIONS**

**YUBA CITY LIGHTING AND LANDSCAPE MAINTENANCE DISTRICT NO. 6

**(1 Parcel)**

**Basis of Calculation**

**Background**

The 769 Garden Highway Development at Assessor's Parcel Number (APN) 53-400-080 is requesting to be included into a Zone of Benefit, as required through their plan check requirements for their building permit. Based on the characteristics of 769 Garden Highway's improvements, the best-fit option for an existing Zone of Benefit annexation would be the existing Zone of Benefit B\_15.

The existing LLMD No. 6, Zone of Benefit B\_15 was established in 2019 for the Recycling Industries Development, with a fee per parcel for the operation and maintenance costs associated with street lighting. The fee per parcel for Zone of Benefit B\_15 was determined based on annual maintenance costs for the aforementioned items associated with the Recycling Industries development.

In order to determine what the assessment will be for this parcel, the original assessment for Zone of Benefit B\_15 will need to be increased to today's dollars using the Consumer Price Index (CPI).

**Analysis**

The original estimate for annual maintenance costs in this Zone of Benefit was as follows:
