GANN Appropriations

CITY OF YUBA CITY GANN APPROPRIATIONS LIMIT FY 2022-23

In 1979, California voters approved Proposition 4 (Article XIII-B of the California State Constitution). Informally known as the "Gann Initiative," Article XIII-B provides limits regarding the total amount of appropriations in any fiscal year from "the proceeds of taxes."

In 1980, the State Legislature added Section 9710 to the Government Code. This section states that the governing body of each city must establish, by resolution, an appropriations limit for the following year. The limit for any fiscal year is equal to the previous year's limit, adjusted for population changes and the change in the US Consumer Price Index (or California per capita personal income, if smaller). The necessary statistical information is provided by the California Department of Finance.

The original Article XIII-B (Proposition 4) and its implementing legislation were further modified by SB88 and Proposition 111 (approved by the voters in June 1990). The changes were incorporated into the FY 1990-91 and FY 1991-92 Appropriations Limits. Beginning with the FY 1990-91 Appropriations Limit, a city may choose annual adjustment factors. The adjustment factors include the growth in the California Per Capita Income, or the growth in the non-residential assessed valuation due to construction within the city and the population growth within the county or the city.

The following compares the difference between Yuba City's FY 2021-2022 Appropriations Limit and the estimated proceeds of taxes in the adopted FY 2022-2023 Annual Budget. It reflects a significant gap of \$186,204,472. The City remains well below its Appropriations Limit for FY 2022-2023.

| Total amount of debt applicable to debt limit | 9,789,792 |
| Legal Debt Margin | \$ 888,743,580 |

Note: The City is in compliance with all debt covenants with regards to debt coverage ratios as mandated by the California State Constitution. The amount of the debt applicable to the debt limit is low and doesn't consume a large amount of the City's financial resources. Because the amount of debt is low, it will facilitate the process of allocating financial resources in future years.
